ALBERTA FRONTIER SHOOTISTS

SEPT 2018

Mother Nature played a cruel joke on us in Sept, as she brought winter way too early. Huge thanks to the 15 people who were able to brave the elements and make it out to the AGM. Unlike the government, we are holding our costs down, our fee schedules remain the same as last year. Also decided at the AGM; next year's shoots will continue to be two day shoots.

Thanks also to those who helped winterize the range. I understand the shooters that were there had a fun shoot.
